PUTTING THE "QUALITY" BACK IN DATA QUALITY

Purpose

- Drive Successful Data Exchange Relationships
 - ■Improve data quality
 - Improve submission frequency
 - Improve outreach and communication

Approach

- Track and Analyze DX Activity
- Identify & Eliminate Roadblocks

Follow-Up & Continued Communication

On-Boarding

Work with File Creators, Copy the Decision Makers

Hold Your Ground, This is Your IIS

Make Testing Worth Your Time

■ Be Prompt

Day to Day Approach

Monitor Jobs

- Organizations send files at least once a week; most continuously through each day
- Identify immediately if DX drops off

■ Monitor Records

- Data quality
- Identify problems with the HL7 format/structure
- Identify problem with the organization's data
- Help new organizations establish quality DX

Data Exchange Quality Overview

- Track Job Status and Volume
 - Completed
 - Failed (exception or error)
- Track Records
 - Volume
 - Status (processed or rejected)
 - Rejection reasons
- Identify Trends in Immunization Reporting
 - General
 - Organization-specific

Tracking Jobs

Simple Count

Copy weekly list of jobs from Job Monitor into a macro-enabled spreadsheet that tallies them by organization, parent, and vendor

No data/PHI from within the job is copied or pulled out of NESIIS

Tracking Records

- Various Scripts
 - Job numbers of rejected records
 - Immunization counts by organization
 - Email
- Review Rejected Records Individually
 - Depends on various red flags or indicators (listed later in the presentation)

Reporting Tool

- Customized Spreadsheets
- Local Database,
 - Identify the organizations
 - Tally a set of stats by org, parent organization, and vendor
 - Compile the data in report format.

Monthly rates of change

COL.

Priority Indicators

- □ Failed Jobs
- High Number of Rejections
- New Organization Activity

Other Indicators

- Zero Jobs Submitted
- Higher Number of Rejections
- Percent Completed Jobs
- Percent Rejected Records
- Completed Jobs but No Imms
- Rejected Records, but No Jobs
- Previous Week's Performance

Indicators (cont.)

- Trend Deviation
- Rate of Change
- Sudden Drop Offs
- Zero Deltas

Action When Issues Are Found

- Reach out to the facility or vendor
- Work with the facility/vendor to fix issues
- If it's a vendor issue make sure the facility is aware of what's going on
- Follow-up if you don't see results

Results Over Time

3,180 Jobs

7,155 Records

August 2012

27,495 Jobs

20,329 Records

August 2013
