

Hands on with IIS Training Solutions and Workforce Development

Kafayat Adeniyi, Public Health Analysts, CDC/ISD/IISB

Teresa Dussault, Training Operations Manager, Informatics Academy at PHII

Bill Brand, Director of Public Health Informatics Science, PHII

AIRA National Meeting

Session 4 (Track A) 04/12/2017 from 11:00 AM-12:00 PM

Chicago, IL

Overview

- Background
- Activity Explanation
- Interactive Session
- Wrap up

Background: Emerging Strategic Priorities and Initiative Alignment

**Improving IIS
Performance
and Reducing
Performance
Disparities**

**Influencing the
Health IT
Environment**

**Improving
Adherence to
Standards**

**Improving
Program
Sustainability**

Key Strategies

- ✓ • Shared and centralized Services
- Approaches to help IIS diversify funding sources
- ✓ • IIS have access to adequate workforce resources

Background:

IIS Workforce Development and Training (Existing Efforts & Opportunities)

Existing Efforts

Leverage Partnership to develop/implement training and education approaches for existing and new IIS staff

- AIRA: Focus on products and strategies to train IIS staff on new trends and best practices for planning, implementation, and ongoing management of IIS
- PHII: Focus on learning solutions for IIS new managers and staff

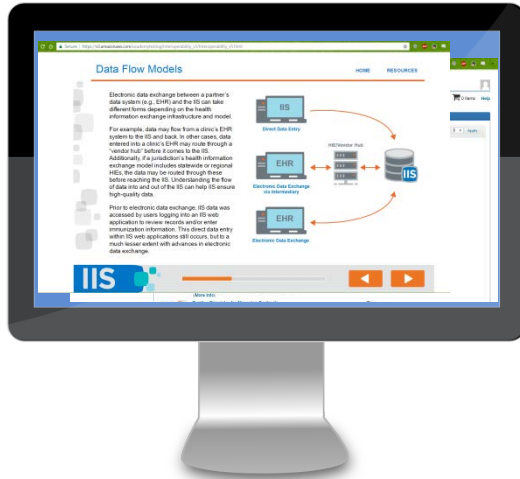

Opportunities

Expand learning solutions for new IIS staff and other IIS stakeholders as centralized service

- Centralized service delivered online will provide resources, templates, and tools to strengthen and expand
 - ✓ Internal workforce training capacity for new IIS staff
 - ✓ The ability for IIS and targeted external users (i.e. CDC, immunization program managers, etc.) to support broader IIS strategic goals.

What we've done so far

What we're doing today

Collaborative Design Studio

Your task

Think: What's something you wish you had when you started to get you up to speed faster?

Your task

Describe: What would
that something be?
What would it include?

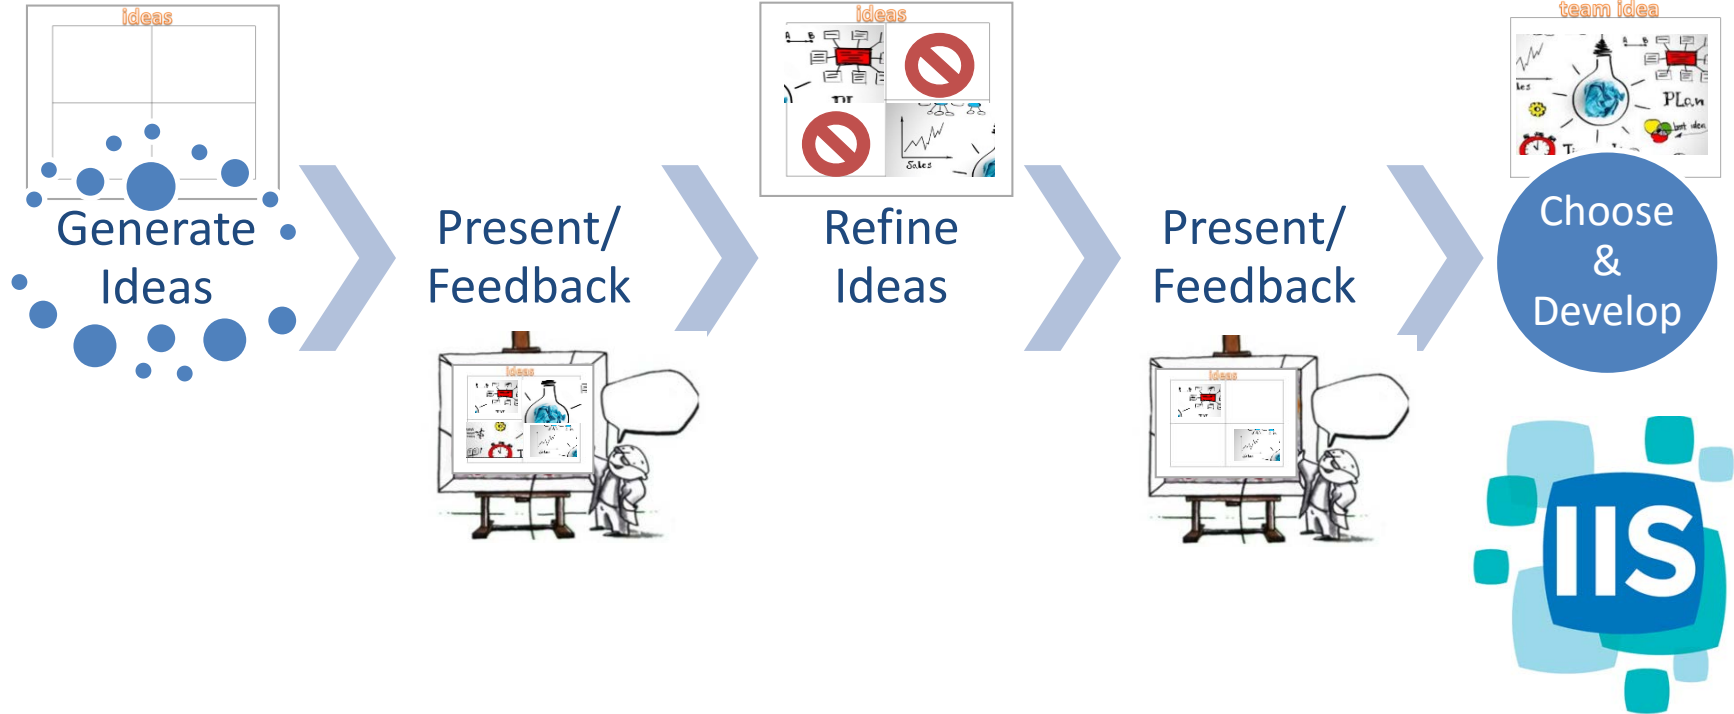

The catch...

Use pictures to describe your ideas

General Process

A few guidelines...

Ground Rules

- Focus on ideas for things you would have used
- Move on when time is up
- When providing feedback:
 - Ask clarifying questions
 - Don't say "I like" or "I don't like"
 - Be candid but respectful

Most importantly...
...HAVE FUN

Facilitators will

- Keep activity on time
- Reinforce ground rules
- Answer pressing questions
- Not offer any suggestions or examples

Get ready to start...

- Form a group of 4
- Each person needs an idea sheet

Round 1 | 4 minutes | 4 ideas

Round 1 | Present & Give Feedback

Round 2 | 5 minutes | 2 Ideas

Round 2 | Present & Give Feedback

10 minutes | converge on 1 idea

Add names + contact info
