NCIRD Update

Lynn Gibbs-Scharf, MPH

Acting Branch Chief NCIRD/ISD/IISB

AIRA Members & Partners Meeting
3-18-19

Provider Participation Community of Practice

Kicked off late February, 2019, with 7 participating states

- **Goals:** Improve provider participation in participating states and develop best practices that can apply nationally
- **Participants:**
 - IIS and Immunization Programs (AL, CA, CO, IL, MD, NM, TN)
 - Health care providers from the states' local AAP Chapters
 - National partners (AIRA, AIM, AAP, AAP, and CDC)
- **Methods:**
 - Individual assessment of barriers and plans to address them
 - One-on-one sessions with technical assistance from CDC and CDC contractor
 - Mentoring by other state IIS programs

Coverage Assessment Highlights

- NIS-IIS Match Project (aligns with IPOM Strategy D1)
 - Evaluation of data completeness
 - Option to match to 2018 NIS-Child, NIS-Teen, or both
 - Requires a data use agreement with CDC contractor
 - Estimated cost per match is NIS-Child: \$58,128 and NIS-Teen: \$58,971
- If interested, contact your project officer and designate this as a Direct Assistance funding request in the 2019 application cycle

New Resources

- IPOM and IISAR crosswalk
- Updated FAQs related to IISAR
- CDC History Project articles including:
 - [Origin Story: Creating a Culture of Collaboration](#)
 - [Balancing Autonomy and Community: The Evolution of IIS Standards](#)
 - [Funding: The Pursuit of Sustainability for IIS](#)
 - [IIS Technology Over Time: Impact and Changing Roles](#)
 - [Enduring Legacies: Lessons for the Future](#)

Upcoming Workshops

Change Management Workshop:

- **March 19-20, 2019** Audience is jurisdictions that are on, or plan to transition to, a new IIS platform
- Focus on developing advocates, cost-effective training plans, communication strategies, and planning

IIS Leadership Workshop:

- **June 4-6, 2019**
- Audience is IIS managers or program managers
- Focus on IIS Leadership roles including: engaging stakeholders, managing, communication strategies, demonstrating value, CDC guidance and support, policy issues, software processes, and data quality

Questions?

For more information, contact CDC
1-800-CDC-INFO (232-4636)

CDSi Update

Stuart Myerburg
CDC NCIRD/ISD/IISB
March 18, 2019

Recent Developments

- Version 4.0 of the Logic Specification, Supporting Data, and Routinely Recommended Age-Based Test Cases have been published.
 - <https://www.cdc.gov/vaccines/programs/iis/cdsi.html>
 - Most changes were around better support of historical recommendations and skip logic for certain vaccines. The full list of changes and additions are included in the appendices and release notes for the resources.
 - Risk-Based Test cases will be published in the coming weeks.
- At the February ACIP meeting, voted on updates to the Japanese Encephalitis and Anthrax recommendations.
 - CDSi will update its resources accordingly once the MMWRs are drafted and published.

CDSi Informational Workgroup

- The next Workgroup meeting is scheduled for April 15th from 12-1pm EST.
- We will discuss:
 - The ACIP February votes and product updates.
 - The prospect of CDSi issuing draft (or pre-release) material to help speed up implementation following ACIP votes for the yearly flu recommendation.
 - The 4.0 CDSi publication and next steps.
- Reminder:
 - The CDSi Informational Workgroup is open to anyone interested. We meet three times per year (at least) following each ACIP meeting.
 - For more information or to be added to the workgroup, please contact Stuart Myerburg (jyz0@cdc.gov) and/or Eric Larson (vev5@cdc.gov).
