Rest Break

# CDC's Vision for IISs

IISs support the standardized capture and exchange of high-quality, individual-level immunization data for all doses of ACIP\*-recommended vaccines

These data are linked across jurisdictions, providers, and partners, and to other individual-level data sources to inform public health action

\* ACIP: Advisory Committee on Immunization Practices

# Breakout Highlights!

- Bulk FHIR Query @ 7am - a real live bulk FHIR query demo during the session - **it's not just vaporware!**
- Your feedback is critical to M&I - from Testing and Discovery stage to the Assessment stage!
- Indiana described a success story involving their Learning Management System, INVest.

# By the numbers...

- 10** jurisdictions participated in the Data At Rest pilot
- 42** Washington State has made their Smart Health Card-enabled consumer access functionality available in 42 languages!
- 4** sessions on using IIS data for outbreak and COVID-19 pandemic response
- 545** the number of registered attendees

# 18 jurisdictions validated in all five content areas

- American Samoa
- Arkansas
- Connecticut
- Delaware
- Federated States of Micronesia
- Guam
- Kansas
- Kentucky
- Missouri
- Nevada
- New Hampshire
- New Mexico
- North Mariana Islands
- Oklahoma
- Palau
- Philadelphia
- Republic of the Marshall Islands
- South Carolina

“ What is the #1 issue facing IIS today?  
—

- Data quality
- Funding
- Sufficient workforce
- Provider compliance hurdles
- Data modernization
- Disconnect between federal, state, and end consumer

“ What is the best piece of advice you’ve ever been given? —

- Don’t buy cheap toilet paper
- Go where you are celebrated not where you are tolerated
- Treat others the way you want to be treated
- Failure is a part of the process
- Take time for yourself
- Don’t sweat the small stuff
- Nobody knows what they’re doing
- Slow down and enjoy life
- Be authentic to yourself
- Continue to grow yourself

# THE AMAZING IIS RACE

Thanks to our participants!

**Congratulations to our winners!**
