INFORMATION REQUEST

Topic: Exploring Monetization Strategies for HEDIS Processes

Request Date: March 6, 2024

Information Requested:

The Michigan Department of Health and Human Services and its IIS team would like to hear from other jurisdictions that have monetized their HEDIS process, specifically about the approval process and the process that put that fee structure in place. Additionally, they are interested in understanding how other IIS handle the fee submissions and any responses/pushback received from health plans once the process was put in place.

Requesting Member: Sallie Sims

Responding Member(s): Monette Schwoerer (AK)

Results:

Note: AIRA recognizes that our members and partners often create solutions or provide services that our members and partners may be interested in. We invite entities to join AIRA with the understanding that AIRA must maintain a neutral stance with regards to promoting specific products and services. AIRA does not endorse or imply any endorsement of any member or partner or their products and/or services.

Alaska:

Our program charges \$10 per patient for each patient-specific immunization data request. All payors, except Medicaid, are charged.
