# Downloading the AART SSL Certificate

Overview

Does your jurisdiction or organization require the use of an SSL Certificate for accessing or sharing your jurisdiction's data with AART? If so, you can download the AART SSL Certificate following the below instructions.
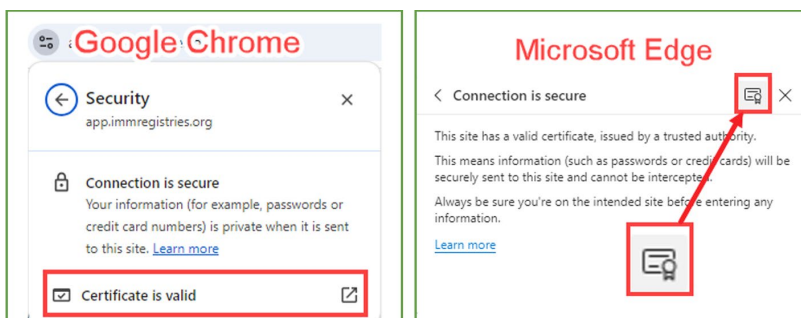

Instructions

1. Go to the AART login page: https://app.immregistries.org/aart/home/.
2. Select the **Settings** icon next to the web page URL to see the setting options.

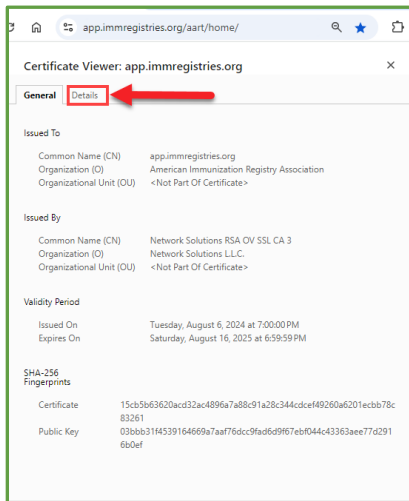

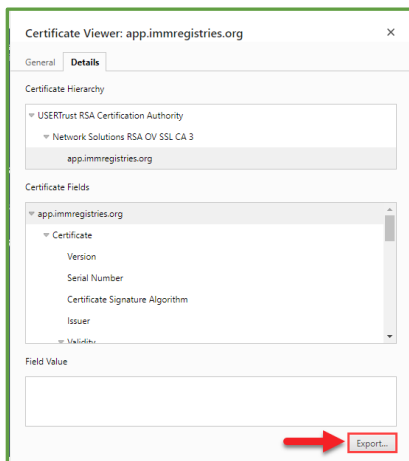

3. Select **Connection is secure**.

4. Select **Certificate is valid** or ▱ icon.

---

5. A *Certificate Viewer* pop-up appears. Select the **Details** tab to view more information on the certificate.

6. Select **Export**.

7. A *Save As* window appears. Locate the appropriate folder on your computer and select **Save** to save the certificate.

8. The file is saved! Share the file with your IT Staff or IIS Vendor to install.
