

CENTRALIZED RESOURCE REPOSITORY

Sample landing page

ABSTRACT

This sample landing page and repository organized by topic demonstrates how an IIS consortium can organize a centralized online space for shared resources, meeting materials, governance documents, and other collaborative content.

Developed for the E Team using SharePoint, it provides an adaptable example for groups considering how to organize and provide access to consortium resources.

SharePoint Landing Page Example

Example of a consortium SharePoint landing page that provides a welcoming central hub with quick access to key resources, meetings, leadership information, and collaborative workspaces.

E Team Group Photo #AIRA2026 - Pittsburgh, PA

Welcome!

The Envision Team (E Team) serves as a collaborative space for jurisdictions using the WebIZ platform to engage in discussions that complement broader Envision consortium activities. The team fosters knowledge sharing, peer collaboration, and coordinated enhancements to optimize resources and support continuous improvement.
